## PROFESSIONAL EXPERIENCE

### Full Stack developer, Tussle Digital, (Gurugram, India)

March 2025 – present

- Developed and maintained **Portal 360 (frontend & backend)** using **React, Node.js, and MongoDB**, implementing task management modules (Kanban, Gantt, Table view, Workload) that improved collaboration and efficiency for 10+ users.
- Built and optimized **frontend for MPC Markets** with **React, MUI, Bootstrap, and CSS**, enhancing UI performance and user experience through reusable components and faster load times.
- Designed and implemented both **frontend and backend for Import Export TV**, integrating **APIs, authentication, and dynamic content management** with **Node.js and MongoDB**, ensuring smooth data flow and scalability

### Full Stack developer, Revoft, (Bengaluru, India)(WFH)

March 2024 – Feb 2025

- Transitioned from pure frontend work to **end-to-end full stack development**, designing and implementing **React + Node.js** based solutions.
- Developed and maintained **RESTful APIs**, handled data modeling with **MongoDB/MySQL**, and optimized backend workflows for performance.
- Collaborated cross-functionally in agile sprints, handled client demos, and deployed updates using **CI/CD pipelines (GitHub Actions)**

### Frontend Developer, ONNextWeb, (Delhi, India)

Sep 2023 – Feb 2024

- Developed and maintained responsive Shopify websites with advanced **Liquid customizations** and optimized performance, resulting in a **40% boost in organic traffic**
- Worked closely with the design and backend teams to convert **Figma wireframes into pixel-perfect, mobile-friendly UI** using HTML, CSS, JavaScript, and jQuery.
- Integrated third-party plugins for **inventory tracking, payments, and automation**, reducing client-reported issues by 80% within the first month.
